Our season is under way! All of my teammates and I are very excited about this year!

Each practice and game we are committed to representing our school and community with competitive class. Yes, we love to win games, but we also use softball to learn skills that will help us our entire lives. To that end, I'd like to ask your help.

Our program invested several thousand dollars into new uniforms, new batting helmets, a new pitching machine, and a reconstruction of our home field dugout. We have also hired new coaches who challenge us to maximize our skills and be excellent on and off the field.

**I would like to ask you to sponsor me at any level possible to help us with these costs.** Your contribution can make a big difference! Our team and the school's athletic programs depend on the generous support of many like you.

**Thank you for reading this and responding.** I consider playing softball a privilege and opportunity!

All paid sponsors will be sent a thank you note/receipt. Remember, your contributions are tax deductible.
